

Vendor information for

WeLCARS TECHFEST!

Thank you for your interest in the WeLCARS Hamfest. The Hamfest will be held on Saturday, May 22, 2010 at the Fox Lake Community Center, 23 South Street, Fox Lake Illinois from 8 am to 1 pm.

Please note that this is a TECHNOLOGY FEST, not a FLEA MARKET! Although it may sound a bit non-traditional, we are not allowing non-technology or illegal items at the Hamfest. While this may limit our clientèle, we feel that a technology-centric show, with technology related presentations and forums, will be more advantageous. If you don't agree, no one is forcing you to attend.

In advance: \$15.00/At the door: \$25.00. If you provide your own table it is limited to a length of 8 feet and a width of 32 inches. Limited electric drops will be provided, first come first served! There will be a location with an electric drop for testing of equipment for all to use, free of charge. You are responsible for setup and takedown of the tables and cleanup of your area.

Setup is permitted Friday night from 3 pm to 9 pm and Saturday morning at 6 am. The doors open to the public at 8 am Saturday morning and close at 1 PM. We ask that you clear the building by 3 pm.

Assume that no handcarts will be provided. If you want one, bring it yourself. Keep in mind that any damage to the facility will be your responsibility to clean up or work with the Boy Scout cleanup crew to take care of for you.

Please remember that this is a technology event, and we therefore forbid the display, advertisement, or sale of non-technology items. We reserve the right to, at the discretion of any hamfest committee member, immediately terminate the contract, without refund of fees, with any person(s) or vendor(s) failing to comply with this requirement, with or without cause. Failure to comply may also result in your forcible removal by local authorities if necessary. Sorry to be so brusque, but this will be a technology fest, not a flea market!

Email joeserocki@gmail.com to reserve a spot or if you have any questions.

We look forward to sharing our technology event with you!
